**“Brock White Company Acquires Midwest Concrete Professionals of Schofield, WI”
St. Paul, MN – June 27, 2011**

Brock White Company is pleased to announce the acquisition of Midwest Concrete Professionals Inc. (MCP), effective Friday, June 24th, 2011. MCP has been a trusted supplier to the Central Wisconsin construction industry for many years, specializing in custom rebar fabrication, concrete and masonry supplies and waterproofing solutions.

The purchase of MCP comes one month after Brock White completed the acquisition of the Appleton and Wausau branches of Brick & Supply Co. MCP’s product lines and custom rebar bending services will be housed at the recently purchased Wausau location. Brock White is also pleased that MCP’s former owner, Tim Thompson, will stay with the company to manage the Wausau branch.

“This acquisition along with the Brick & Supply purchase earlier this year significantly expands our footprint in eastern Wisconsin,” says Brock White Company President Richard Garland. “Construction activity is still slow in this area, but we are well positioned for the eventual upturn.”

The Appleton and Wausau locations, along with Brock White’s current branch in Green Bay (Zoll Brock White), will operate together as BW Supply – A Brock White Company.

The information for the three BW Supply Branches is as follows:
